Thanks Amy for the quick response. It was a long chain of emails with Josh that spanned days.

For the record, please consider this my email of opposition to the Historic Preservation District.

Thanks. Shannon

I am sorry Shannon, I have searched my email and find nothing from you but these most recent. Could you please resend it to me? I am in the process of reposting the agenda to include all emails and will insure yours is included. I will send it to Town Council directly as well.
Please be assured, we have received many, many emails both in support and opposition and I treat each one in exactly the same manner.

Thank you,

Amy,

Can you tell me where my letter of opposition is?

Josh said it was sent to you. See below.
